

CAROLINA TRACE ASSOCIATION PERSONAL VEHICLE E-STICKER & GATE SENTRY APPLICATION

This form is to apply for a Carolina Trace Association (CTA) Personal Vehicle E-Sticker and/or to Establish an Electronic Gate Sentry Electronic Guest Pass System Account. Both programs are managed by CTA, and you must provide the following information:

Fully completed page two of this application, providing your full name, email address, phone number, and proof of Carolina Trace address by providing copies of **your deed or rental agreement** showing your name(s) and Carolina Trace address **and a copy of one of the following:**

- A photo of your driver's license showing your Carolina Trace address
- A photo of a utility bill with your name and Carolina Trace address

Vehicle E-sticker, RFID/Electronic vehicle stickers (E-stickers): are available for personal vehicles of property owners and renters who appear on executed leases. E-stickers allow unimpeded vehicle access to Carolina Trace through the automated gates for as long as the E-sticker is activated.

- The E-sticker is, and remains, the sole property of CTA and may be deactivated or revoked by CTA for:
 - failure to abide by the North Carolina Rules of the Road
 - failure to heed all road signs, posted speed limits
 - failure to follow authorized directions from security personnel
 - any other traffic infraction, at the sole discretion of CTA
 - tailgating into the community
- POAs can request revocation of E-stickers for non-payment of annual assessments.
- Property owners and renters must notify gatehouse staff following the sale of their property and/or when moving from Carolina Trace.
- E-stickers are not transferable to any vehicle to which it was not issued.
- E-stickers that become damaged may be replaced by paying CTA's wholesale cost of the E-sticker at the time of replacement.

Your visitors to Carolina Trace are not permitted to tailgate into the community, nor are they permitted to enter through the north or south gates. Please direct all visitors to the visitor's gate located off of NC-87 (they may need to direct their GPS to 6300 NC-87, Sanford, NC first to get to this entrance).

Gate Sentry Electronic Guest Pass Account: Since Carolina Trace is a controlled access, gated community, residents are asked to set up individual household Gate Sentry accounts to ease visitor and contractor access to your home. The Gate Sentry process alerts residents when approved visitors enter Carolina Trace. Once this application is processed, you will receive an email from gatehouseops@carolinatrace.org providing you with a Gate Sentry access code.

Gate Sentry is cloud-based and can be accessed by any of your smart devices. Once you have your access code you can download the Gate Sentry mobile app through your smartphone's play store, or use the Gate Sentry Web Portal at www.gatesentry.com with your tablet/iPad, laptop or personal computer. Questions about Gate Sentry can be directed to this email: Gatehouseops@carolinatrace.org.

By signing below, the applicant agrees to abide by all terms of this application. A Security Officer must apply E-stickers to the vehicle outlined on page two.

(Recipient Signature) (Recipient – Print Name) DATE _____

Please type or print legibly, and check boxes as apply. This application is not considered complete if items are intentionally left blank.
